IN THE EIGHTH JUDICIAL DISTRICT COURT OF DUCHESNE COUNTY

STATE OF UTAH

IN THE MATTER OF THE GENERAL) PETITION TO APPROVE 2010
DETERMINATION OF ALL THE RIGHTS) COMMISSIONER'S REPORT, 2011
TO THE USE OF WATER BOTH SURFACE) BUDGET AND SCHEDULE OF
AND UNDERGROUND WITHIN THE) ASSESSMENTS, 2011 SCHEDULE
DRAINAGE AREA OF THE UINTAH BASIN) OF DISTRIBUTION AND REQUEST
IN UTAH) TO APPOINT THE 2011 RIVER
) COMMISSIONER FOR THE LAKE FORK
) RIVER, YELLOWSTONE RIVER AND
) SAND WASH CREEK
)
) Docket No. 3070 560800056
) Judge Edwin T. Peterson

Petitioner and the Committee for the Lake Fork River, Yellowstone River and Sand Wash Creek, submit herewith the 2010 Annual Report of the Commissioner, the proposed 2011 Budget and Schedule of Assessments, and the 2011 proposed Schedule of Distribution, in accordance with the Interim Distribution Order signed by the Court on May 18, 1998. Petitioners, also, request the Appointment of the River Commissioner for the year 2011.

In support of this Petition, Petitioners represent to the Court that;

RECEIVED

APR 04 2011

WATER RIGHTS
SALT LAKE

1. By its Interim Order dated May 18, 1998, a committee of water users for the Lake Fork River, Yellowstone River and Sand Wash Creek was organized under the direction of this Court. Lynn Burton, was Chairman of the committee appointed by this Court to support the River Commissioner and to aid in carrying out the orders of this Court, in connection with the distribution system for the waters of the Lake Fork River, and the Yellowstone River and Sand Wash Creek systems.

2. The Committee of the Lake Fork River, Yellowstone River and Sand Wash Creek met on January 18, 2011 and Petitioner Dale Thomas was elected Chairman of that committee and is authorized to file this Petition on behalf of said committee.

3. The committee received and approved the 2010 report of the administration of the waters of the Lake Fork River, Yellowstone River and Sand Wash Creek by Leland L. Carter, the River Commissioner for the year 2011. A copy of that report is filed herewith.

4. The committee reviewed and approved a budget, with schedule of assessments, for the expenses of the River Commissioner for the year 2011. The Budget and Schedule of Assessments are attached hereto as "Exhibit A".

5. The committee has reviewed and approved, after consultation with the Utah State Engineer, a proposed Schedule of Distribution of the Waters of the Lake Fork River, Yellowstone River and Sand Wash Creek and recommends it to the Court, for the year 2011. The proposed Schedule of Distribution is attached hereto as "Exhibit B".

6. The committee voted to recommend to the Court the appointment of Leland L. Carter as River Commissioner of the Lake Fork River, Yellowstone River and Sand Wash Creek, for a term of one (1) year. Petitioner further alleges that Leland L. Carter is a competent and qualified person to act as said Water Commissioner.

7. It is requested by the committee, if for any reason the River Commissioner does not complete his term of office or is unable to fulfill his obligations as River Commissioner, that the committee be authorized to select a temporary replacement River Commissioner.

8. The committee requests that the Interim Order entered for the irrigation year of 1998 be reaffirmed and made applicable for the 2011 irrigation year, in the following respects:

a. It is requested that the River Commissioner be allowed to distribute the water of the streams and reservoirs involved in

RECEIVED

**WATER RIGHTS
SALT LAKE**

accordance with this Court's Interim Order and to do all things necessary for the proper and correct measurement, diversion and distribution of said waters, in accordance with the Decrees of the Federal District Court and state laws.

b. That the River Commissioner be directed to confer with the respective committees in developing a schedule for distribution of water, specifically, the manner in which the waters of the Lake Fork River, Yellowstone River and Sand Wash Creek, and their tributaries, should be distributed, after consultation with the State Engineer, and shall submit annually a recommended Interim Distribution Order to this Court for its consideration.

c. That the River Commissioner be directed to deliver and distribute the waters of such non-Federal water rights in the Lake Fork River, Yellowstone River and Sand Wash Creek, in accordance with the proposed Schedule of Distribution, attached hereto as "Exhibit B".

d. That the waters for the Federal and non-Federal water rights be distributed in accordance with the terms and limitations of the 1923 Federal Court Decrees in cases numbered 4437 and 4418.

e. That the River Commissioner be required to work with the respective committees to prepare a recommended budget to be

submitted to the Court along with a recommended annual budget. Said annual report and recommended budget are to contain assessments made, monies received, along with a report of expenditures. The Court, after receiving the proposed annual budget, shall provide a thirty (30) day period for objections to be filed.

f. Upon approval by the Court, the River Commissioner be authorized to manage the budget, to implement the ordered assessments and collection of assessed amounts from the non-Federal water user organizations or water users, and request assessment and collection from the Bureau of Indian Affairs on the Uintah Indian Irrigation Project, in accordance with the approved budget and schedule of assessment.

g. Any person or entity, which is a water user in the subject rivers, or otherwise affected by the actions of the River Commissioner, may petition and appear before this Court (about the assessment amounts, the manner in which the water is distributed and/or any other claim relating to the distribution of water). In the event there is a violation of the Court's Order or any part of this Petition or, in the opinion of the River Commissioner, the occurrence of the unauthorized use of water, the River Commissioner be directed to recommend to this Court a solution to the problem,

RECEIVED

APR 04 2011

**WATER RIGHTS
SALT LAKE**

including any remedy to be imposed on the unauthorized water user or violator of the Order.

h. If a non-Federal water user fails to pay any assessments levied, when due, that water users further use of water is prohibited.

i. The committee is recommending to the Court that the Water Commissioner have a more specific job description outlining his duties and responsibilities and have suggested the following:

The Water Commissioner needs to acquire knowledge of all water rights under his jurisdiction. These water rights will then be distributed to water companies in a timely and fair manner. All water delivery will need to be recorded and presented as requested by water users and state entities with the inclusion of a final year end report.

The River Commissioner is responsible for all water changes and must be available on a daily basis. The River Commissioner will physically open head gates and make sure that measuring devices are accurate and that recording devices are working properly. He will periodically check recording devices as required

throughout the season, or more often if necessary.

The River Commissioner will monitor rivers in his jurisdiction to determine when flows need to be changed. All canal companies' use, no matter where the water comes from, needs to be recorded and reported weekly.

The Commissioner will be responsible for payment of bills. All checks must be cosigned by a member of his River Committee. Any purchase over \$200.00 must be pre-approved by the River Committee.

A weekly report of water usage for each company should be mailed to the company or made available on the internet.

The River Commissioner may find inappropriate water usage on the river. It is his responsibility to reduce this and, if possible, eliminate it. This may include resolving conflicts with individuals, getting help from the River Committee, involving the State Engineer's help or ultimately involving the State District Court. The methods used to resolve the problems should start easy and simple and pleasant as possible and go on to the next stage only as needed.

RECEIVED

APR 04 2011

**WATER RIGHTS
SALT LAKE**

The year end report needs to be accurate and complete for all companies and ready for the River Committee budget meeting no later than December 1st.

WHEREFORE, Petitioner prays as follows:

1. That the 2010 report of the administration of the waters of the Lake Fork River, Yellowstone River and Sand Wash Creek be approved, as submitted and filed herewith.
2. That the 2011 Budget and Schedule of Assessments, be approved, as submitted and attached hereto as "Exhibit A".
3. That the proposed 2011 Schedule of Distribution of Waters of the Lake Fork River, Yellowstone River and Sand Wash Creek be approved, as submitted and attached hereto as "Exhibit B".
4. That Leland L. Carter be appointed to serve as River Commissioner of the Lake Fork River, Yellowstone River and Sand Wash Creek, for a period of one (1) year.
5. That the Committee for the Lake Fork River, Yellowstone River and Sand Wash Creek be authorized to appoint a temporary replacement should the River Commissioner be unable to complete the one (1) year term.
6. That the specific job description outlining the duties and responsibilities of the River Commissioner be approved.

7. That the applicable provisions of the 1998 Interim Order, as presented herein, be reaffirmed and made effective for the year 2011.

DATED this 30th day of March, 2011.

Lake Fork River Committee Minutes

Lynn Burton calls the meeting of the Lake Fork River Committee to order. Those in attendance are Lynn Burton, Associate Water Users, as Chairman, Roger Ames, Associate Water Users, and Dale Thomas, Bureau of Indian Affairs, and Leland L. Carter, Lake Fork River Commissioner. Lynn Burton read last year's river committee minutes. Roger Ames made the motion to accept the minutes. Dale Thomas seconds the motion. Motion of minutes passed. Lynn Burton asks for discussion on last year's budget. Roger Ames asks why the office supplies part of the budget was not used. Leland Carter explained that previous year's supply had lasted. Lynn Burton asked how the training part of the budget worked. Leland Carter explained that it worked well. The budget for training covered Saint George Water Conference, and two Bureau of Reclamation training programs. The training budget was a little short on funds but Leland said it worked well. Lynn asked if Leland had used any personal funds. Leland said yes, Lynn said that Leland should not use personal money for training. Roger Ames commented that spending came in slightly under the previous year budget. Lynn Burton suggested we proceed to this year's budget. Leland explained this year's budget. Leland asked for the three percent increase in salary that was talked about last year. Roger Ames asked if this was a cost of living increase because of inflation. Roger also said that he was not opposed to the salary increase if it was not inflation. Leland said that there was not inflation this year. Next item on the budget discussed was the mileage. Roger and Lynn were both concerned with gas prices going way up and they asked if there was any provisions in the budget to handle it. Leland said that there were no allowances once the budget was set. Roger and Lynn said that if gas went way up the committee should meet around June to deal with the increase. The off river automation part of the budget was discussed next. Leland said that he covered most off sites but had reoccurring problems with sites on Dry Gulch C, and Dry Gulch B that didn't get fixed the second time. Roger asked if there would be a problem this year for time because there were a lot of sites down on the main river. Roger suggested that Dex Winterton may help. Leland said that he would normally start a month earlier before water

RECEIVED

APR 04 2011

**WATER RIGHTS
SALT LAKE**

season to get these sites up, and if he needed help, he would recruit help from Dex Winterton, Duchesne Water Conservation District and Kelly Bird Moon Lake Water Users Manager. Lynn Burton asked if Leland had purchased any needed automation parts. Leland said most parts were on hand other than small batteries and they will be purchased. The rest of the budget was summarized by Leland. Roger asked if Leland purchased a new phone, like the I-Phone, would the phone budget be okay. Leland showed that his current phone was partially damaged and was looking to update his phone. Leland explained that a new phone and services would be approximately covered by the phone budget. Leland asked if the committee could look at the assessment of the budget. Lynn Burton brought up the subject of minimum assessments to all groups of water users on the assessment budget. Last year the river committee discussed it and approved the minimum assessment. Leland said that he didn't get everything done for the minimum assessment to be put in place this year. Roger commented that the association water users approved a \$50 minimum assessment last year also. All members of the river committee approve the minimum assessment for next year. Roger Ames explained about the Gentry Ditch. Roger Ames said when Dry Gulch Class C piped their ditch, this drainage water flows into the Gentry Ditch. It is located next to the hill on the Ioka lane. A group of water users has formed to utilize the waste water and they are going to use an existing Dry Gulch C filing that will be transferred to this site. The filing is for five second feet of water. The state engineer Bob Leak has been involved. Leland said that to involve him as River Commissioner the court would have to approve him before he can be involved. Lynn Burton didn't want Leland to spend a lot of time monitoring the ditch and suggested that we have an electronically monitored site. Lynn Burton asked for a motion for all things that would have to occur for Leland to monitor the Gentry Ditch. The committee decided for Leland to monitor the Gentry Ditch if certain criteria were met. The criteria for bringing the site under the Lake Fork River Commissioner jurisdiction would be that the site could be monitored by computer, no day to day adjustments, easy access, court approved, and have a minimum assessment. These requirements were motioned by Roger Ames, and seconded by Dale Thomas. The requirements were unanimously approved. Dale Thomas made the motion to accept the budget, Roger Ames seconded the

RECEIVED

APR 04 2011

**WATER RIGHTS
SALT LAKE**

motion. Motion passed. Dale Thomas asks that Milk Lake and any other delivery of water to the Hartman Family, Edwin, Randy, and Bruce to be explained. Leland explained the history of the lake and the delivery of water. Leland also explained that the Bureau of Indian Affairs would have to charge an assessment for delivery of water. Lynn Burton said that all Moon Lake Water User's dams in the Uintah Forest always had a ten percent delivery shrink to the river, to be fair, Milk Lake should have a ten percent shrink also. Leland also explained Sand Wash Creek. Leland explained Blood Draw which also involves Randy Hartman and the Hanson family, also the Dry Gulch water right and Sand Wash Irrigation. Roger and Leland explained that there will be an automated weir put in right above Sand Wash to help measure the actual flow into Sand Wash Dam.

Leland Carter explained Lake Fork River Commission Report. Leland explained that it had been a good year. Leland explained that BIA water had three area ft. The secondary water users were all slightly over 2 area ft. A few secondary companies, like Purdy, South Bonita, Lake Fork Western, were closer to three acre ft because they took big advantage of early river flow and high water. Roger Ames motioned to approve commissioner's report. Dale Thomas second motion, motion passed.

The river committee believed that the coming year would be a good water year.

Leland explained the financial statement. Interest was low on cd and saving. Lynn Burton asked if cash flow was okay. Leland said it was except for one year and cash flow had been close to zero.

Leland explained the two itemized expense reports. One was categorized by group. The other report was organized by date. Leland said all of this was available online thru Well Fargo banking for committee members. Dale Thomas made the motion to accept all financial statements. Roger Ames seconds the motion. Motion passed.

Roger Ames made the motion that Blood Draw needs to put in a screw gate for water take out and for Leland to check to see if Blood Draw can take the water out of the east side. Dale Thomas seconds motion. Motion passed.

RECEIVED
APR 04 2011
WATER RIGHTS

Dale Thomas made the motion that Leland L. Carter remains the Lake Fork River Commission. Roger Ames seconds the motion. Motion passed unanimous.

Roger Ames made the motion for Leland to deliver all material to Gayle McKeachnie so Gayle can petition the court to reinstate Leland L. Carter as the Lake Fork River, Yellowstone River, and Sandwash Creek Commissioner. Dale seconds the motion. Motion passed.

Lynn Burton nominated Dale Thomas as the chairman of the river committee. Roger Ames seconds the motion. Motion passed.

Dale Thomas asked for a motion to adjourn. Lynn Burton made the motion to adjourn the meeting. Roger Ames seconds the motion. Motion passed. Meeting adjourned.
